SKILLS

PROGRAMMING LANGUAGES

FRONT-END SKILLS

BACK-END SKILLS

DEPLOYMENT & OTHER SOFTWARE

PERSONAL SKILLS

JavaScript, Python (Basic), HTML, CSS, SQL

React.js, TailwindCSS, Redux Toolkit, Next.js, Material UI, Chakra UI

Node.js, Express.js, PostgreSQL, DBeaver, Postman API, Sanity.io

Git / Github, Microsoft Project, Heroku, Vercel, Bluebeam Revu, Figma

Critical Thinking, Ability To Center A div, Search Engine Optimization,

Project & Time Management, Problem Solving, Communication and

Teamwork, Self-starter, Leadership

EXPERIENCE

JAVASCRIPT MASTERY MASTERCLASS | FULL STACK SOFTWARE ENGINEER

Remote / Open Source |

06/15/2022 - Present

- Develop projects with a 2-5 person team from design to deployment.
- Commit work to repositories using git and contributing in code review process.
- Designing full stack mobile friendly web applications from client specifications on design and functionality.
- Weekly project reports to update on the process.

SMARTBRAIN APP | WEB DEVELOPER

Remote / Open Source

- Used React.js to design front-end of a facial-recognition web application.
- Built the back-end server with RESTful API using Express.js.
- App has session management with authenticated routes.
- Database created using PostgreSQL that stores user profiles and encrypt's passwords with hashing.
- Clarifai AI implemented for facial recognition.

ALPHA CONSTRUCTION INC. | PROJECT COORDINATOR

- Collaborated on profitable projects valued between 18- 25 million CAD.
- Communicated with team members, clients, sub-contractors and suppliers to achieve deliverable projects on schedule.
- Played key role in projects slated to improve operational efficiency, reaching performance goals, deadlines, creating and implementing project schedule.
- Progressed multiple projects by problem solving and looking for new ways to improve projects.

ALPHA CONSTRUCTION INC. | SITE SUPERINTENDENT

- Oversaw complete construction process to maximize quality, cost control, and efficiency.
- Monitor and report project progress. Estimated costs and ensured project was on budget while discovering ways to increase profits by an average of 20% per project.
- Demonstrated excellent communication skills working with clients, engineers, local residents, and co-workers.
- Conducted workload assessments and devised new operational processes that led to a 40% increase in productivity.

EDUCATION

JAVASCRIPT MASTERY | JAVASCRIPT MASTERY MASTERCLASS

June 2022 - November 2022

ZERO TO MASTERY | WEB DEVELOPMENT

August 2020 - May 2022

NORTHERN ALBERTA INSTITUTE OF TECHNOLOGY | PROJECT MANAGEMENT

June 2019
